Systems Only

Benefits of an **EVOLUTION SYSTEM**

Maximize summer energy bill savings

Up to 22.0 SEER2 (Seasonal Energy Efficiency Ratio) makes these some of the most efficient heat pumps available.¹

Increase winter fuel economy

Up to a 10.5 HSPF2 (Heating Seasonal Performance Factor) provides one of the highest heating efficiencies available.¹

Stay current with wireless software updates²

Ensures optimal system performance and home comfort while delivering peace of mind.

Ultra-quiet

Outdoor sound output as low as 51 dBA, among the lowest in the variable-speed outdoor category.³ Additionally, during heating operation, our Quiet Mode feature caps outdoor sound levels to 69 dBA for uninterrupted nights of sleep.

Remove moisture from the air

Eliminate up to 400% more humidity than most single-stage systems.⁴

ENERGY STAR® on qualifying systems

You may save energy and qualify for local utility rebates where available.

Low or no-interest financing

The enhanced comfort and energy savings of our Evolution system is easier to afford than ever.⁵

Rest easy with a long warranty

Ten-year parts limited warranty when registered on time.⁶ Red Shield™ 10-year unit replacement warranty (compressor failure only) upon timely registration.⁷

Outstanding comfort **WHATEVER** the heat outside.

Perfect Humidity® Technology

Helps ensure great summertime cooling dehumidification when system components include two-stage and variable-speed cooling products.

"Smart" Technology

An Evolution Connex™ Control can help maximize efficiency and comfort by communicating with components of a complete Evolution system. Plus, it has the ability to download and automatically install software updates using your home's wireless system.²

featured TECHNOLOGIES

Hybrid Heat® Dual-Fuel System

Automatically chooses the most efficient fuel source (electric or gas) for heating to provide defense against unpredictable fuel costs.

Variable-Speed Technology

Inverter-driven, variable-speed compressor operates nearly continuously, delivering more consistent indoor temperature and humidity control.

Gain more control with a complete **EVOLUTION SYSTEM**

Ask your Bryant dealer about how you can maximize your home comfort with additional Bryant products.

EVOLUTION CONNEX CONTROL

Capable of managing a complete home comfort system including humidity, ventilation and zoning.^{2,9}

EVOLUTION FURNACE

Properly matched with your air conditioner to convert heating and cooling energy into greater indoor comfort.

EVOLUTION FAN COIL

Works with your outdoor heat pump to convert heating and cooling energy and deliver more comfortable air to your home.

EVAPORATOR COIL

Matches to the proper outdoor unit to provide top cooling efficiency and years of reliable service.

AIR PURIFIER

Uses Captures & Kills® technology to inactivate 99% of select airborne pathogens trapped by the filter, including coronavirus, bacteria and other pathogens.⁸

HUMIDIFIER

Alleviates dry air by adding moisture.

VENTILATOR

Transfers heating and cooling energy to the incoming fresh air.

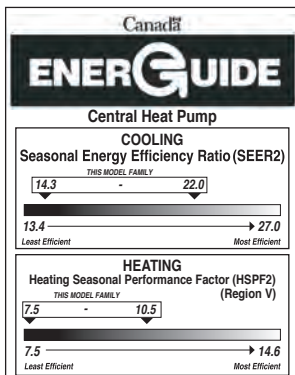

BRYANT COOLING SOLUTIONS

There is a Bryant product for almost any heating and cooling need or budget. Only your Bryant dealer can help you decide which is right for you.

	BEST EVOLUTION™ SYSTEM	BETTER PREFERRED™ SERIES	GOOD LEGACY™ LINE
Energy Management	Variable-Speed Operation Our highest efficiency models make subtle adjustments as conditions change to deliver comfort with much higher precision than standard or two-stage models.	Two-Stage Operation Automatically chooses between low and high setting to maintain more consistent temperature. Single-Stage Operation Switches on each time the temperature rises above the thermostat set point.	Single-Stage Operation Switches on each time the temperature rises above the thermostat set point.
Durability	DuraGuard Plus™ Protection Features galvanized steel cabinets, baked-on powder paint and louvered coil guards.	DuraGuard Plus Protection Features galvanized steel cabinets, baked-on powder paint and louvered coil guards.	DuraGuard™ Protection Features galvanized steel cabinets and baked-on powder paint.
Humidity Management	Perfect Humidity Technology This feature leverages multi-stage systems to maximize humidity removal without over-cooling.	Enhanced Humidity Management Provides enhanced humidity removal during cooling operation.	Basic Humidity Management Provides basic humidity removal during cooling operation.
Comfort Management	Evolution Connex Control Our most advanced Wi-Fi®-enabled control, it can maximize efficiency by communicating with components of a complete Evolution system. Variable-Speed Operation Enjoy consistent temperature, reduced hot/cold spots, and enhanced humidity management.	ecobee for Bryant Smart Thermostats Wi-Fi®-enabled smart thermostat learns your schedule for greater efficiency and comfort. Two-Stage Operation Reduced up-and-down temperature swings compared to single-stage systems.	ecobee for Bryant Smart Thermostats Wi-Fi®-enabled smart thermostat learns your schedule for greater efficiency and comfort. Single-Stage Operation Solid, reliable performance that delivers comfort when you need it.
Sound Management	Variable-Speed Operation Provides ultra-quiet operation as low as 51 dBA. AeroQuiet System II™ Reduces sound through a combination of components that optimizes airflow and minimizes vibration. Quiet Mode During heating operation (Model 284A only), limits outdoor sound to 69 dBA for uninterrupted nights of sleep.	Two-Stage Operation Delivers sound levels as low as 70 dBA during low-stage operation.	Single-Stage Operation Smooth-running scroll compressor helps deliver quiet comfort as low as 69 dBA.

1. Select models only. In the air-source split-system ducted heat pump category.
2. When connected to the internet through a Wi-Fi® network.
3. Depends on model combination. Base on Bryant lab testing of Evolution 24 models and AHRI sound level data for competitors' variable-speed outdoor units, published as of 12/19.
4. Select models only. Based on Bryant testing. Compared to a single-stage 13.0 SEER system, in worst-case conditions (cool and damp).
5. For qualified buyers. See dealer for details.
6. The limited warranty period is five years on parts if not registered within 90 days except in jurisdictions where limited warranty benefits are not conditioned upon registration will automatically receive a 10-year parts limited warranty. See warranty certificate at Bryant.com for complete details and restrictions.

7. Unit replacement limited warranty is not available to subsequent owners. The limited warranty period is five years if not registered within 90 days except in jurisdictions where warranty benefits cannot be conditioned on registration will automatically receive a 10-year unit replacement limited warranty. See limited warranty certificate at Bryant.com for complete details and restrictions.
8. The Evolution air purifier has demonstrated effectiveness against the murine coronavirus, based on third-party testing (2020) showing a >99% inactivation, which is a virus similar to the human novel coronavirus (SARS-CoV-2) that causes COVID-19. Therefore, the Evolution air purifier can be expected to be effective against SARS-CoV-2 when used in accordance with its directions for use. Third-party testing (2012, 2007) also shows ≥99% inactivation for the type of virus that causes common colds, Streptococcus pyogenes and human influenza. Airborne particles must flow through your HVAC system and be trapped by the MERV 15 Evolution filter to be inactivated at 99%. Learn how it works at Bryant.com/purifier.
9. Zoning system sold separately.
